

Advanced Super Resolution Workshop DNA-PAINT & Spinning-disc confocal super-resolution

May 13th – May 15th, 2024

This practical workshop is open to users who already have practical expertise using fluorescence microscopes (Basic Imaging Workshop certificate preferred).

You will prepare fixed and live-cell super resolution samples and image it with 1) DNA-PAINT microscopy and 2) live-cell spinning-disc super-resolution microscopy.

Maximum number 12 participants.
Workshop Fee: 240 €

Day 1: Theoretical seminars and sample preparation. All participants.
Day 2 & 3: Individual groups of up to 3 users will perform hands-on sessions and learn the analysis of super-resolution data

Why attend?

- Learn two cutting-edge super-resolution techniques
- Hands-on information (preparation, imaging, analysis)
- Learn from experts and improve your research

Deadline: Wednesday 8th, 2024!
