

Advanced Live Cell Imaging Workshop

10th – 12th March, 2026

This hands-on workshop is open to users who have demonstrated practical experience of using laser microscopes. (Basic Imaging Workshop certificate preferred)

You will learn how to perform live cell staining and to express fluorescent proteins, for live cell super resolution.

We will demonstrate Live Cell Super Resolution by Leica SRRF&TIRF and Olympus SR-Spin technique.

Maximum number 8 participants
Workshop Fee: 240 €

Day 1: Theoretical seminars and sample preparation for all participants.
Day 2&3: Hands-on sessions at the microscopes with individual groups of max. 2 participants.

Deadline: Friday March, 6th, 2026!
