

Advanced Super Resolution Imaging Workshop DNA-PAINT & STED facility microscope

22nd – 24th April, 2026

This practical workshop is open to users who already have practical expertise using fluorescence microscopes (Basic Imaging Workshop certificate preferred).

You will prepare fixed cell samples and image it with 1) DNA-PAINT microscopy and 2) STED microscopy.

Maximum number 12 participants.
Workshop Fee: 240 €

- Day 1: Theoretical seminars and sample preparation. All participants.
Day 2 & 3: Individual groups of up to 3 users will perform hands-on sessions and learn the analysis of super-resolution data

Why attend?

- Learn two cutting-edge super-resolution techniques
- Hands-on information (preparation, imaging, analysis)
- Learn from experts and improve your research

Deadline: April 17th, 2026!
